Revue de presse

Barbara Hepworth: Writings and Conversations is a witty and satisfying read. The book is full of small, brilliant revelations... On a larger scale the collection prompts a rethink of any clichés to which we might have settled, over the years, about Hepworth and her work. --Ali Smith, *New Statesman*

Deepens and enhances the reader's appreciation of Hepworth as a person, as well as of her art --Literary Review
Présentation de l'éditeur

Barbara Hepworth's work and ideas are illuminated in her own lucid and eloquent words in this first collection of her writings and conversations. The collection makes available much that is out of print and inaccessible, and includes a significant number of unpublished texts. It is a surprisingly large body of work, and it spans almost the whole of Hepworth's artistic life. Her gift for language and desire to communicate to a public are evident throughout. Alongside the writings are Hepworth's lectures and speeches, a selection of interviews and conversations with writers and journalists, and radio and television broadcasts. The collection sheds new light on Hepworth's life, her working practices, the sources of her inspiration, the breadth of her intellectual interests and her deep engagement with contemporary politics and society, from the United Nations to St Ives. The illustrations include manuscripts and archive photographs from Hepworth's own collection.
