Présentation de l'éditeur

A revelatory commentary on the original teachings of Jesus - now in paperback! In this unprecedented masterwork of inspiration, Paramahansa Yogananda takes the reader on a profoundly enriching journey through the four Gospels. Verse by verse, he illuminates the universal path to oneness with God taught by Jesus to his immediate disciples but obscured through centuries of misinterpretation: "how to become like Christ, how to resurrect the Eternal Christ within one's self". This landmark work transcends divisive sectarianism to reveal a unifying harmony underlying all true religions. A groundbreaking synthesis of East and West, it imparts the life-transforming realisation that each of us can experience for ourselves the promised Second Coming - awakening of the all-fulfilling Divine Consciousness latent within our souls. Yogananda said, "In titling this work **THE SECOND COMING OF CHRIST**, I am not referring to a literal return of Jesus to earth. He came two thousand years ago and, after imparting a universal path to God's kingdom, was crucified and resurrected; his reappearance to the masses now is not necessary for the fulfilment of his teachings. What is necessary is for the cosmic wisdom and divine perception of Jesus to speak again through each one's own experience and understanding of the infinite Christ Consciousness that was incarnate in Jesus. That will be his true Second Coming." Yogananda's unique perspective on the real meaning of Jesus' teachings, takes the reader on a revelatory journey, verse by verse, through the four Gospels. Dispelling centuries old misconceptions and dogma, this monumental work is destined to leave an indelible mark on the way the world views the teachings of Jesus Christ. *Biographie de l'auteur*
